**APPENDIX C**  
**SENSITIVE SPECIES WITH THE POTENTIAL TO OCCUR WITHIN OR ADJACENT TO**  
**BENNETT PROPERTY (USGS LIVE OAK SPRINGS QUAD)**

| Species   | Growth form/Bloom Period          | CNPS | R-E-D | State | Federal | Potential to Occur Onsite                               |
|---|-----------------------------------|------|-------|-------|---------|---|
| <i>ASTRAGALUS DOUGLASII</i> VAR. <i>PERSTRICTUS</i><br>"Jacumba milk-vetch" | Perennial herb<br>April - June    | 1B   | 2-2-2 | None  | SOC     | Low, focussed surveys did not detect this plant onsite. |
| <i>BERBERIS FREMONTII</i><br>"Fremont barberry"                             | Shrub (evergreen)<br>April - June | 3    | ?-?-1 | None  | None    | Low, focussed surveys did not detect this plant onsite. |
| <i>CLARKIA DELICATA</i><br>"delicate clarkia"                               | Annual herb<br>April - June       | 1B   | 2-2-2 | None  | None    | Low, focussed surveys did not detect this plant onsite. |
| <i>DEINANDRA FLORIBUNDA</i><br>"Tecate tarplant"                            | Annual herb<br>August - October   | 1B   | 2-2-2 | None  | SOC     | Plant observed onsite.                                  |
| <i>GERAEA VISCIDA</i><br>"sticky geraea"                                    | Perennial herb<br>May - June      | 2    | 2-1-1 | None  | None    | Plant observed onsite.                                  |
| <i>LINANTHUS BELLUS</i><br>"desert beauty"                                  | Annual herb<br>April - May        | 2    | 2-1-1 | None  | None    | Plant observed onsite.                                  |
| <i>PIPERIA LEPTOPETALA</i><br>"narrow-petaled rein orchid"                  | Perennial herb<br>May - July      | 4    | 1-1-3 | None  | None    | Low, focussed surveys did not detect this plant onsite. |
| <i>QUERCUS ENGELMANNII</i><br>"Engelmann oak"                               | Tree (deciduous)<br>March - May   | 4    | 1-2-2 | None  | None    | Low, focussed surveys did not detect this plant onsite. |
| <i>STREPTANTHUS CAMPESTRIS</i><br>"southern jewel-flower"                   | Perennial herb<br>May - July      | 1B   | 2-1-2 | None  | None    | Low, focussed surveys did not detect this plant onsite. |

**APPENDIX C**  
**SENSITIVE SPECIES WITH THE POTENTIAL TO OCCUR WITHIN OR ADJACENT TO**  
**GARZA PROPERTY (USGS LIVE OAK SPRINGS QUAD)**

| Species   | Growth form/Bloom Period          | CNPS | R-E-D | State | Federal | Potential to Occur Onsite                               |
|---|-----------------------------------|------|-------|-------|---------|---|
| <i>ASTRAGALUS DOUGLASII</i> VAR. <i>PERSTRICTUS</i><br>"Jacumba milk-vetch" | Perennial herb<br>April - June    | 1B   | 2-2-2 | None  | SOC     | Low, focussed surveys did not detect this plant onsite. |
| <i>BERBERIS FREMONTII</i><br>"Fremont barberry"                             | Shrub (evergreen)<br>April - June | 3    | ?-?-1 | None  | None    | Low, focussed surveys did not detect this plant onsite. |
| <i>CLARKIA DELICATA</i><br>"delicate clarkia"                               | Annual herb<br>April - June       | 1B   | 2-2-2 | None  | None    | Low, focussed surveys did not detect this plant onsite. |
| <i>DEINANDRA FLORIBUNDA</i><br>"Tecate tarplant"                            | Annual herb<br>August - October   | 1B   | 2-2-2 | None  | SOC     | Low, focussed surveys did not detect this plant onsite. |
| <i>GERAEA VISCIDA</i><br>"sticky geraca"                                    | Perennial herb<br>May - June      | 2    | 2-1-1 | None  | None    | Low, focussed surveys did not detect this plant onsite. |
| <i>LINANTHUS BELLUS</i><br>"desert beauty"                                  | Annual herb<br>April - May        | 2    | 2-1-1 | None  | None    | Plant observed onsite.                                  |
| <i>PIPERIA LEPTOPETALA</i><br>"narrow-petaled rein orchid"                  | Perennial herb<br>May - July      | 4    | 1-1-3 | None  | None    | Low, focussed surveys did not detect this plant onsite. |
| <i>QUERCUS ENGELMANNII</i><br>"Engelmann oak"                               | Tree (deciduous)<br>March - May   | 4    | 1-2-2 | None  | None    | Low, focussed surveys did not detect this plant onsite. |
| <i>STREPTANTHUS CAMPESTRIS</i><br>"southern jewel-flower"                   | Perennial herb<br>May - July      | 1B   | 2-1-2 | None  | None    | Plant observed onsite.                                  |

**APPENDIX C**
